Muhammad Ahmed

Frontend Developer | Backend Developer | Future AI Engineer |
GIAIC

Karachi Central District, Sindh, Pakistan

Summary

Passionate Full Stack Developer and AI Engineer focused on building scalable web applications and intelligent AI solutions. Skilled in modern technologies including Next.js, TypeScript, Python, Node.js, FastAPI, Tailwind CSS, and Docker. I have developed full stack applications, AI-powered chatbots, portfolio platforms, and Generative AI projects with a strong focus on performance, clean architecture, and user experience. Currently learning and building through Governor Sindh Initiative for GenAI, Web3, and Metaverse (GIAIC), while continuously exploring AI engineering, LLMs, RAG systems, and modern web technologies. Previously worked as a Generative AI Intern at Arch Technologies, where I gained hands-on experience with:

- LLM deployment
- Streamlit applications
- QLoRA & Unsloth fine-tuning
- Retrieval-Augmented Generation (RAG)
- Whisper speech pipelines
- Quantized LLM workflows

Focused on creating impactful digital products by combining Full Stack Development with Artificial Intelligence.

Experience

Nexsoft solutions

Full-Stack Web Developer Intern

June 2026 - Present (1 month)

Karachi Central District

- Working on real-world full-stack web development projects.
- Building responsive and modern web applications using React, Next.js, TypeScript, and related technologies.
- Collaborating with the development team to deliver scalable and user-friendly solutions.
- Enhancing problem-solving, teamwork, and software development skills through hands-on project experience.

Arch Technologies

Generative AI Intern

March 2026 - April 2026 (2 months)

Karachi Central District, Sindh, Pakistan

Worked on hands-on Generative AI projects involving LLM deployment, Streamlit interfaces, model fine-tuning with QLoRA and Unsloth, Retrieval-Augmented Generation (RAG), and speech-to-reasoning pipelines using Whisper and quantized LLMs.

Education

Governor Sindh Initiative for GenAI, Web3, and Metaverse

· (February 2024)

Virtual University of Pakistan

Bachelor of Science - BS, Computer Science · (October 2025)

Govt. Boys Premier College

Intermediate, Commerce · (October 2022 - May 2024)

SSCA Group of Schools

Matriculation · (April 2020 - April 2022)
